

Specialty Disability Accommodation (SDA)

Understand how we support with SDAs

This form is designed with **simple English** & **pictures** for easy understanding

What is Specialty Disability Accommodation?

Type of house designed for **people with functional difficulties**

Designs may **differ** based on the challenges that people have

These houses are designed to keep our clients **safe**

Examples

- **Wheelchair** accessible
- **Handrails** in toilets
- Cupboards at **ground level**
- **Minimum** walls & stairs

Is Specialty Disability Accommodation same as Supported Living?

Supported Living is **not same** as Specialty Disability Accommodation (SDA)

Supported Living is a service for your **daily needs**.

Example - Help in cooking, moving with wheelchair etc.

Specialty Disability Accommodation (SDA) is a **special home** where you can live with **ease**

You can choose **different providers** for you Specialty Disability Accommodation (SDA) & Supported Living services

How you can choose your accommodation?

You can contact **TAUScare**™ for **availability** of space in our Specialty Disability Accommodations (SDA)

We will help you to **choose a home** based on your likes & needs

We will arrange a **visit** to the home that you chose

We will make you talk to **other clients** staying in the home

How you can choose your accommodation?

In every home, only **limited number** of people will stay based on Government rules

If you **like** the home, you can move into the home

If you **do not like** the home, you can ask to see other homes. It is your right.

TAUScare™ will discuss with you and show you **another home** based on availability
